

An American Union Ends the Federal Drug War

The American Union is a union of swing voters supporting a better social contract in the 2022 midterms. We demand that Republicans and Democrats:

- ✓ **End poverty**
- ✓ **End mass incarceration**
- ✓ **End the endless wars**

If we become serious about dismantling the system of mass incarceration, we must end the War on Drugs. There is no way around it.

Michelle Alexander
The New Jim Crow

Americans overwhelmingly agree that the war on drugs has failed, yet Congress allows the injustice to continue. We can end the national drug war and free states to set their own policies.

Our crowdsourced federal legislation includes:

- ✓ Ending federal drug prohibition
- ✓ A 12% retail sales tax on recreational drugs
- ✓ FDA regulation of labeling and purity
- ✓ Treatment services for those who want them
- ✓ Expungement of previous drug convictions
- ✓ Sentence reviews for the incarcerated

LESS POLITICS. MORE POLICY.

Our first duty under the Constitution is to establish justice, and we are failing when two million Americans wake up behind bars each morning.

Mass incarceration is a moral stain on our nation. Our legislative package will deliver police and prison reforms:

- ✓ Reduce the use of cash bail, surplus military equipment, and no-knock warrants.
- ✓ Retrain law enforcement officers away from using excessive force, and to intervene if others do.
- ✓ Reform qualified immunity and Pell grant eligibility.
- ✓ Review prison sentences after 10 years.
- ✓ Repeal mandatory minimum sentences, the federal war on drugs, and civil asset forfeiture.
- ✓ Restore the ability to vote in federal elections.

WHO WILL FAST FOR PEACE?

In the Gandhian tradition, the American Union observes a monthly fast on both sides of the prison walls. The #fastforpeace provides the moral high ground for an opt-in, nonviolent revolution in the 2022 midterms.
