

Join the General Strike Against Republicans and Democrats

The major parties win 99% of elections, but the American Union of swing voters can leverage a critical bloc of votes for a better social contract in 2024.

- **End Poverty**
- **End Mass Incarceration**
- **End the Endless Wars**

Unless Washington meets our demands by October 30, 2024, the American Union will lead a general strike at the ballot box. Election boycotts don't work, and voting third party leads to the same people winning.

A RANDOM ENDORSEMENT DESTROYS LEGITIMACY

A union of swing voters can push the presidential election either way, electing a winner in front of the world with a vote of 'no confidence.' If necessary, the American Union endorsement will be made on October 30 by the last digit of the Dow Jones Industrial Average:

70,417.76

An even number will endorse Biden as the 46th president.

An odd number will endorse Trump as the 47th president.

Vote together 11.5.2024

Four Ways to Help the American Union Win Us All a Better Social Contract

The American Union of swing voters needs your help with nonviolent revolution in 2024. Together, we can build the power to make Washington meet our terms!

Financial power

Join the American Union! Basic membership is less than 25¢ a day. All dues are used to grow the union, and never go to any candidate or political party.

Electoral power

Break the polls! Insist you will vote for the American Union endorsement, Republican or Democrat, in all federal races (House, Senate, President.) At 3.5% support, the American Union will control the balance of power in Washington, giving us leverage over Congress.

Moral power

Fast for peace! Declare yourself a conscientious objector to partisan politics with the monthly #fastforpeace on the 15th; no food and just water for 24 hours. Nonviolent revolution is possible when we come together.

Mark your calendar!

General Strike – Tuesday, October 15, 2024

Refuse to spend money, take the day off work, and observe the fast for peace. If Congress does not agree to our legislative demands in 24 hours, non-cooperation with the economy may continue until October 30, at which time random endorsements will strip election winners of their legitimacy.

Tired of political parties? It's time to unionize!
